

TROUT STOCKING, WESSERUNSETT LAKE

Maine Inland Fisheries and Wildlife stocks brook and brown trout in Wessereunsett Lake mostly in the fall but sometimes also in the spring. Some of these trout are brood stock and therefore large. The Wessereunsett stockings are in the category of "put and take" which means the fish are legal-sized and are expected to be caught fairly soon. The following table summarizes the stockings from 2010 to the present. IF&W reports may be found at www.maine.gov/ifw/fishing-boating/fishing/fishing-resources/fish-stocking-report.html.
